

AMG Software Module Bell Schedules

Price: \$33.00
Free shipping on US orders

Manufacturer:

AMG Software Module Bell Schedules

Description

This feature allows configuring and assigning schedule for the terminal's bell to ring. The hours, days of week and duration of bells can be different for each terminal. This feature may help you remind or inform about some events/processes which take place each day at the same time, e.g. lunch time, break time, meeting time, end of work, etc.
