Description

Is your [Biometric HandPunch](#) GT 400 placed in a harsh environment?

Do you want to protect your investment? Does the extreme hot temperatures cause your HandPunch GT 400 terminal to malfunction? We have the perfect solution.

Our weather resistant HandPunch enclosure with our factory installed fan will protect your hand scanner against the hot temperatures, dust and dirt. The HandPunch enclosure comes custom with mounting holes to fit the Hand Punch GT400. Ideal for harsh environment, to ensure your hand punch time clock functions properly.

Features of the weather resistant HandPunch enclosure with factory installed fan:

- ✔ Spring Loaded Door (to ensure your employee does not leave the door open)

- ✔ Hasp for Pad Locking (Placing a pad lock on the enclosure will ensure safe keeping)

- ✔ Durable & Long lasting (Made from heavy duty steel)

- ✔ Handle (Handle with key for easy access)

- ✔ Fan (To keep the HandPunch terminal cool during the hot summer temperatures)

Specifications of the weather resistant HandPunch GT-400 enclosure:

- ✔ **Overall Height:** 25 1/2 inches

- ✔ **Overall Width:** 15 inches

✓ **Overall Depth:** 10 1/2 inches

You can also customize your order of weather resistant hand punch time clock enclosure with installed fan by choosing a different color than the default Ivory.
