⧗ ⧗ ⧗ ⧗ ⧗

Manufacturer:
Colors: Gray, Brown, Taupe, Light Tan, Red, Traffic Blue, White, Ivory, Black

Description

Is your Biometric HandPunch placed in a harsh environment?

Do you want to protect your investment? Does the cold winter temperatures cause your HandPunch terminal to freeze? We have the perfect solution.

Our weather resistant HandPunch enclosure with our factory installed heater will protect your hand scanner against the cold temperatures, snow, rain, dust and dirt. The HandPunch enclosure comes standard with mounting holes to fit any F-series hand reader. Ideal for harsh winter environment to ensure your hand punch time clock functions properly.

Features of the weather resistant HandPunch enclosure with factory installed heater:

- ✔ Spring Loaded Door (to ensure your employee does not leave the door open)
- ✔ Durable & Long lasting (Made from heavy duty steel)
- ✔ Handle (Handle with key for easy access)
- ✔ Heater (To keep the HandPunch terminal working properly during cold/freezing temperatures)

Specifications of the weather resistant HandPunch enclosure:

- ✔ **Overall Height:** 25 1/2 inches

- ✔ **Overall Width:** 15 inches

- ✔ **Overall Depth:** 10 1/2 inches

You can also customize your order of weather resistant hand punch time clock enclosure with installed heater by choosing a different color than the default Ivory.

Here are the color options:
Black, Brown, Gray, Light Tan, Orange, Red, Traffic Blue, White and Taupe.

There is an additional charge of $12.00 for the color selection.

Below is a list of F-series HandPunch terminals that will fit perfectly inside our weather resistant enclosure with heater.
