Description

Schlage Biometric HandPunch Rubber Keypad (F-Series HandPunch)

Is the rubber keypad on your Schlage HandPunch timeclock slowing down the clock in/out process for employees?

Are the numbers on your handpunch key pad not visible?

It's time to replace the old handpunch keypad with a brand new rubber keypad from Schlage Biometrics. This handpunch rubber keypad is compatible to F series timeclocks. For questions or concerns please [TimeClockPros](#).
